

Halt The Invasion!

Invasive Weed Clearing

Eastville Park

Saturday 17th July 2010

Himalayan Balsam
(*Impatiens glandulifera*)

We are being invaded! Non-native Invasive Weeds and other alien species are a huge threat to biological diversity.

We will be tackling an invasive weed called Himalayan Balsam, which is in abundance along the banks of the river Frome. This weed is a problem because it out-competes native plant species and takes over, and it also causes problems such as erosion of river banks.

Help the AIWF to Halt the Invasion! - If you would like to get involved in the weed pulling event please come along for all or part of the day. **All are welcome.**

Date: **Saturday 17th July**

Time: **10:00 - 13:00**

Meeting at: the former boathouse site, **Eastville Park Lake**, Eastville, Bristol

Please wear a long sleeved top and trousers which you wont mind getting dirty and either Wellington boots, walking boots or other sturdy footwear. You will be provided with gloves, and a first aid kit will also be available.

Please bring your own packed lunch and plenty to drink. Contact Victoria Freke if you would like to join in, on email info@aiwf.org.uk or 07795 602068. Also see aiwf.org.uk
